WORK EXPERIENCE

Frontend Developer | Mar 2026 – Present

Zamon Digital Tech (Zamon Agency), Fergana — PRO HOME UZ, real estate & professional services platform

- Built the marketplace frontend from scratch with React + TypeScript, focusing on usability and a scalable component architecture.
- Converted the web app into a native Android app with Capacitor and published it to Google Play.
- Cut page load time from 4.2s to 1.5s through lazy loading and code splitting; user conversion grew by 28% over the same period.
- Onboarded new frontend developers and established the team's code review process.

Frontend Developer (Freelance) | Aug 2025 – Feb 2026

- Delivered 6+ client projects on schedule, including e-commerce stores, corporate websites and admin panels.
- Turned Figma designs into pixel-perfect, fully responsive layouts.
- Built and reused a personal component library across projects, significantly reducing delivery time for new builds.
